REFERENCE

PERFECTO GROUP INTERNATIONAL Ltd. in its quality of a design, construction and trading company with a long history and experience in construction field projects in Bulgaria and abroad would like to certify herewith that we have long-term established operational relations with the company "STROIKOM-2001" LTD and the company works with the expected high quality and professionalism.

During our partnership with "STROIKOM-2001" LTD has developed and manufactured for us an innovative construction material for roofing, projected and marketed by our company – the roof tile with brand name "CASTLE", which we successfully marketed on the national and foreign market.

We have very good reports from the jointly completed projects with the company "STROIKOM-2001" LTD in the country and abroad, and we are satisfied by the responsiveness and the professionalism along the working process.

Specialists from the fellowship are prepared to take part in analyzing and finding acceptable solutions to industrial and technical problems occurring during the working process with the necessary eagerness.

The company's work can be featured by high quality, an active number of qualified workers, engineering and managerial staff.

In conclusion, the company "STROIKOM-2001" LTD is a precise and reliable partner, which can be relied on for the realization of wide variety of projects in the construction field.

We sincerely recommend the company and we would be delighted to work together in future again!
